WHY BUY TWO STANDARD CABINETS **WHEN YOU CAN UPGRADE TO Winston AND DO IT ALL IN ONE?**

KFC Globally Approved Cabinet

ONLY POSSIBLE WITH WINSTON CVap®

KFC APPROVED - LONGER HOLD. FRESHER CHICKEN.

Maintain KFC quality longer, keeping more hot, fresh chicken ready to serve.

DO MORE WITH FEWER CABINETS.

Greater capacity and KFC approved extended hold times can mean fewer cabinets, lower CapEx, and a simpler kitchen.

LOWER OPERATING COSTS.

Fewer cabinets can mean less energy use, less cleaning, and less equipment to maintain.

FASTER, SIMPLER EXECUTION.

Clear flip-doors let crews quickly see, load, pick, and serve product, keeping service moving. Available in single-sided or pass-thru.

ONE CABINET. MORE PRODUCTS.

Approved to hold all KFC chicken products in one cabinet. Eliminate the need for two dedicated cabinets (wet vs dry) while staying within KFC Global Standards.
