OPEN FRYER

COLLECTRAMATIC®

Configuring a Collectramatic fryer into your kitchen floor plan offers you more productivity, flexibility, efficiency, and reliability.

1 PRODUCTIVITY

More Productivity for Less Money

12-head platform cooks with three fryers, cooks the same as the other guy's 12-head, **and you keep your $9,000 USD**, or boy anohter fryer if you need it.

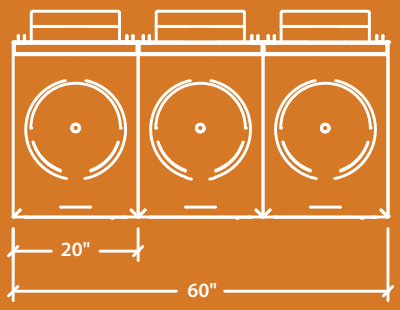

2 FLEXIBILITY

Size and Ease Matter

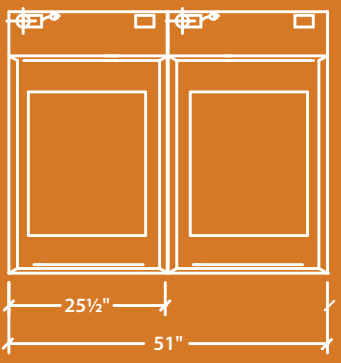

12-head vs. 12-head per batch in almost the same space as two of the other guy's fryers. And still saves over 7% on kW at peak periods.

The Collectramatic **open fryer platform,** provides flexibility to your kitchen.

Collectramatic Fryers
(3) 4-head Fryers
12 Heads Total
Total kW for platform is 31.5kW.

The Other Guy's Fryers
(2) 6-head Fryers
12 Heads Total
Total kW for platform is 34.5kW.

3 EFFICIENCY

Low Oil Volume/Electricity

For over 50 years the 6-head Collectramatic has been a low-oil-volume fryer with a 75 lb. capacity that extends shortening life.

Collectramatic utilizes 38% less kW than other guy's 8-head.

4 RELIABILITY

A Workhorse Built for a Legend

Known for its 25-year lifespan and low cost of ownership, the Collectramatic offers unmatched reliability. It provides **longer warranties, less down time, faster recovery, and a proven track record**. *It won't retire until you do.*

The Colonel called Collectramatic, "the best cooker ever!" Countless operators say
"The chicken just tastes better from Collectramatic."
